

DZIRE 1.2L GL A/T PTR-2020

SUZUKI

ELEGANT EXTERIOR

The Dzire gives you comfort and design flowing seamlessly through classic sedan styling giving you affordable luxury that gets attention. This new-generation platform is light and highly rigid and improves your driving experience through its performance-enhancing engineering. HEARTECT lowers fuel consumption and vastly improves the fundamental vehicle performance in terms of running, turning, and stopping. Its frame is characterised by smooth and continuous curves which disperse the energy of impacts effectively, in case of a collision.

LUXURIOUS INTERIOR

The new Suzuki Dzire is an irresistible sedan. Its perfect proportions and exquisite style are eye-catching, and its spacious and comfortable interior makes for an incredible drive. Dzire gives you plush comfort in polygonal design, flowing seamlessly through its classic sedan styling. Touches of silver in its Smart interior tie its look together, giving you affordable luxury that gets attention. The spacious cabin frees up your movement while the ergonomically-placed controls allow you to enjoy every drive, in luxury.
