

SPORTAGE 1.6L RVC 4X2 MID A/T PTR-2022

KIA

ELEGANT EXTERIOR

With a more commanding presence and advanced smart features, the Kia Sportage stands out among today's SUVs. It meets your needs for space and taste for sophistication, delivering moments on the road you can savour. The signature tiger-nose grille is hot-stamped for a sportier look. 17" Alloy Wheels Look more stylish. The visually appealing front under guard and skid plate offer protection against splashes and scrapes. LED tail lamps and stop lamps are integrated into the tail lamp clusters. LEDs illuminate more quickly, last longer and are more energy efficient than conventional bulbs.

Rear A/C Vents

LUXURIOUS INTERIOR

The wraparound form of the Sportage cockpit engages you from the start, as you take in the sculpted door garnishes that flow organically into the front safety mouldings. Functional elements such as the side air vent controls and the lower controls of the centre fascia offer us useful engagement. The floor console design is less cluttered and more efficient thanks to the adoption of an electronic parking brake and the elimination of the manual handbrake lever. To offer support and comfort for drivers with long legs, the cushion of the driver's seat can be extended up and forward the seat base. The climate control gives control for temperature speed.

Steering Wheel with Cruise Control

Stylish New Design Front View

Eye-Catching Rear View

Sporty Side View with 17" Alloy Wheels

Specification Sheet
